Encls. 6 file

Returned with compliments.

(19) I have discussed the question with the Deputy Commissioner and the Special Land Acquisition Officer and I am satisfied that it would really be more economical to Government if the Offices of the Personal Assistant and the Special Land Acquisition are separated. As it is, the Officer cannot devote adequate time for acquisition work and as parties do not appear on hearing dates at Head-quarter and the former cannot camp out frequently the disposal of cases is delayed. By the appointment of a wholetime Land Acquisition Officer, the time taken up for disposal will be reduced by nearly half and the cost of the Office Establishment which is much more than the pay of the Officer debitable to acquisition charges will likewise be similarly reduced.

WD 2835—GPB—2,000—18-4-29

P.T.O.

(9

(20) There is however one matter which requires consideration. In some cases to stop acquisition at +120' rigidly may lead to grave hardship. For example, if a Village Gavtan comes under submersion at +120' but the ryots' lands do not, it would obviously be inequitable to ask the ryots to shift to another village while their lands continue in the old one. Similarly, if part of a holding is submerged at +120' and the rest at +124 it would only be fair to acquire the whole at once.

(21) I would accordingly recommend that while ordinarily further acquisition proceedings should be restricted to +120' the Special Land Acquisition Officer should be given discretion to acquire up to +124' in cases where partial acquisition would operate as a hardship on the ryots.

Final Note by the First Member of Council.

Subject:—

Revival of the post of Personal Assistant to the Deputy Commissioner, Mysore District.

In Government Order No.2588-92/C.B.83-31-1 dated the 12th December 1931, the separate post of Personal Assistant to the Deputy Commissioner, Mysore District, was ordered to be kept in suspense from 1st January 1932 as a measure of economy and the Special Land Acquisition officer, Krishnarajasagara Works was placed in additional charge of the duties of the Personal Assistant also.

The period for which the post of Special Land Acquisition officer, Krishnarajasagara Works, had been sanctioned was due to expire by the end of June 1933, and in considering the question of further extending the term of the Land Acquisition officer, it was reported by the Chief Engineer, Krishnarajasagara, as well as by the Revenue Commissioner, that it was desirable to relieve the Land Acquisition officer of the Personal Assistant's duties as a whole-time acquisition officer (who could freely camp out and vigorously push through the work) would be able to complete the work in a much shorter time and considerable savings in establishment charges, etc. could also be secured thereby. It is expected that the acquisition work could be completed in six months if the officer in charge is relieved of the duties of the Personal Assistant. In the circumstances sanction has been accorded to the continuance of the Land Acquisition officer and his establishment till the end of December 1933 and it is proposed to appoint a separate officer for discharging the duties of Personal Assistant.

The Dewan and the Second Member of Council agree in this view and I solicit the gracious sanction of His Highness for the
